

This architectural rendering features a modern, single-story house named 'Casa Agapa'. The house has a minimalist design with light-colored walls and a prominent dark, textured stone or brick facade around the central entrance. The entrance includes a dark door with horizontal glass inserts and a small square window above it. Large, multi-paned windows with dark frames are positioned on either side of the entrance. The house is set in a lush green environment with mature trees and a well-manicured lawn. In the foreground, a wide, light-colored concrete driveway leads towards the house, flanked by low-lying green plants and yellow flowers. Overlaid on the upper portion of the image is a detailed floor plan of the house, showing the layout of the rooms, including a living area, kitchen, dining area, bedrooms, and bathrooms. The floor plan includes various furniture icons and dimension lines indicating the size of the spaces. In the top left corner, the text 'CASA AGAPA' is displayed in a bold, yellow font within a yellow rectangular border. In the top right corner, there are logos for 'IDU DESARROLLOS', 'CR', and 'SANCHEZ', along with the text 'COMUNIDAD VENEZOLANA'.
